EXPERIENCE

Full Stack Intern

CodexVeer

May 2025 – July 2025

- Engineered 15+ responsive Flutter UI components using clean architecture and robust state management, enhancing user experience across Android and web platforms.
- Partnered with designers to deliver pixel-perfect Figma implementations and integrated RESTful APIs (Node.js, MongoDB) for seamless, data-driven functionality.

EDUCATION

Bachelor of Technology,

Indian Institute of Information Technology, Vadodara.

Expected 2026

TECHNICAL SKILLS

Languages

C, C++, Dart, HTML, CSS, JavaScript, LaTeX

Frameworks

Flutter, React.js, Node.js, Express.js

Technologies/Database

Linux, SQL, Git/GitHub, MongoDB

Soft Skills

Communication, Team Collaboration, Leadership, Management

Developer Tools

Android Studio, VS Code, Visual Studio

PROJECTS

Ride_IO

[Project Repo](#)

- Built a full-stack ride-hailing platform leveraging React.js, Express.js, MongoDB, and JavaScript, enabling seamless real-time ride coordination between riders and drivers.
- Crafted a responsive and user-centric interface for both user roles, enhancing usability across all devices and enforced role-based access control for secure permission management.
- Refactored backend logic and tuned MongoDB queries to efficiently support 1,000+ concurrent users with minimal latency, maintaining 99.9% uptime and fluid operations.

TribeTalk App

[Project Repo](#)

- Devised an adaptive mobile UI with real-time layout updates, increasing engagement by 30%.
- Deployed a theme-switching system offering customizable aesthetics, leading to a 25% surge in user activity and a 15% reduction in reported issues.
- Architected a cloud-synced infrastructure with Firestore, enabling real-time updates for 1K+ participants, slashing latency by 20% and improving session fluidity.

Weather App

[Project Repo](#)

- Constructed a live atmospheric monitoring tool using Flutter, retrieving global weather data every 10 minutes via external APIs with high precision.
- Implemented intelligent data caching to reduce external calls by 20%, significantly accelerating response times for 1,000+ users.

POSITION OF RESPONSIBILITY

Core Member, Cultural Committee

Jun 2024 – Apr 2025

Orchestrated cultural events for 200+ students, ensuring seamless coordination and sustained participant engagement throughout.

Core Member, MLSA IIITV

Sep 2024 – Apr 2025

Coordinated logistics for 10+ events, enhancing planning efficiency by 20% and increasing participant turnout to 150+.

Secretary, Finance Club

Nov 2023 – Jun 2024

Spearheaded 5+ finance events in collaboration with firms like Bondbazar, driving a 30% boost in engagement and enabling industry exposure for 200+ students via expert-led sessions.
